Objective

Experienced full-stack web developer with a passion for creating intuitive and efficient web applications. Proficient in modern web technologies and frameworks, with a strong ability to quickly learn and adapt to new tech stacks. Looking to contribute my skills to a dynamic team at a forward-thinking company.

Skills

Front-end: HTML, CSS, JavaScript, React, Bootstrap

Back-end: Node.js, Express, MongoDB, SQL

Tools: Git, Webpack, Docker, Jenkins

Soft Skills: Problem Solving, Communication, Teamwork

Experience

Full-Stack Developer - Tech Corp (2021-Present)

Developed and maintained multiple web applications, leading to a 30% increase in customer engagement. Collaborated with cross-functional teams to design and implement new features.

Resume

Back-End Developer - Web Solutions (2019-2021)

Engineered RESTful APIs and services, improving application performance by 25%. Implemented security best practices to protect user data and privacy.

Education

Bachelor of Science in Computer Science, Anytown University, 2015-2019

Projects

Online Store

A user-friendly e-commerce platform with features such as product search, user authentication, and online payment processing.
